

PLACED Placement Intelligence Platform

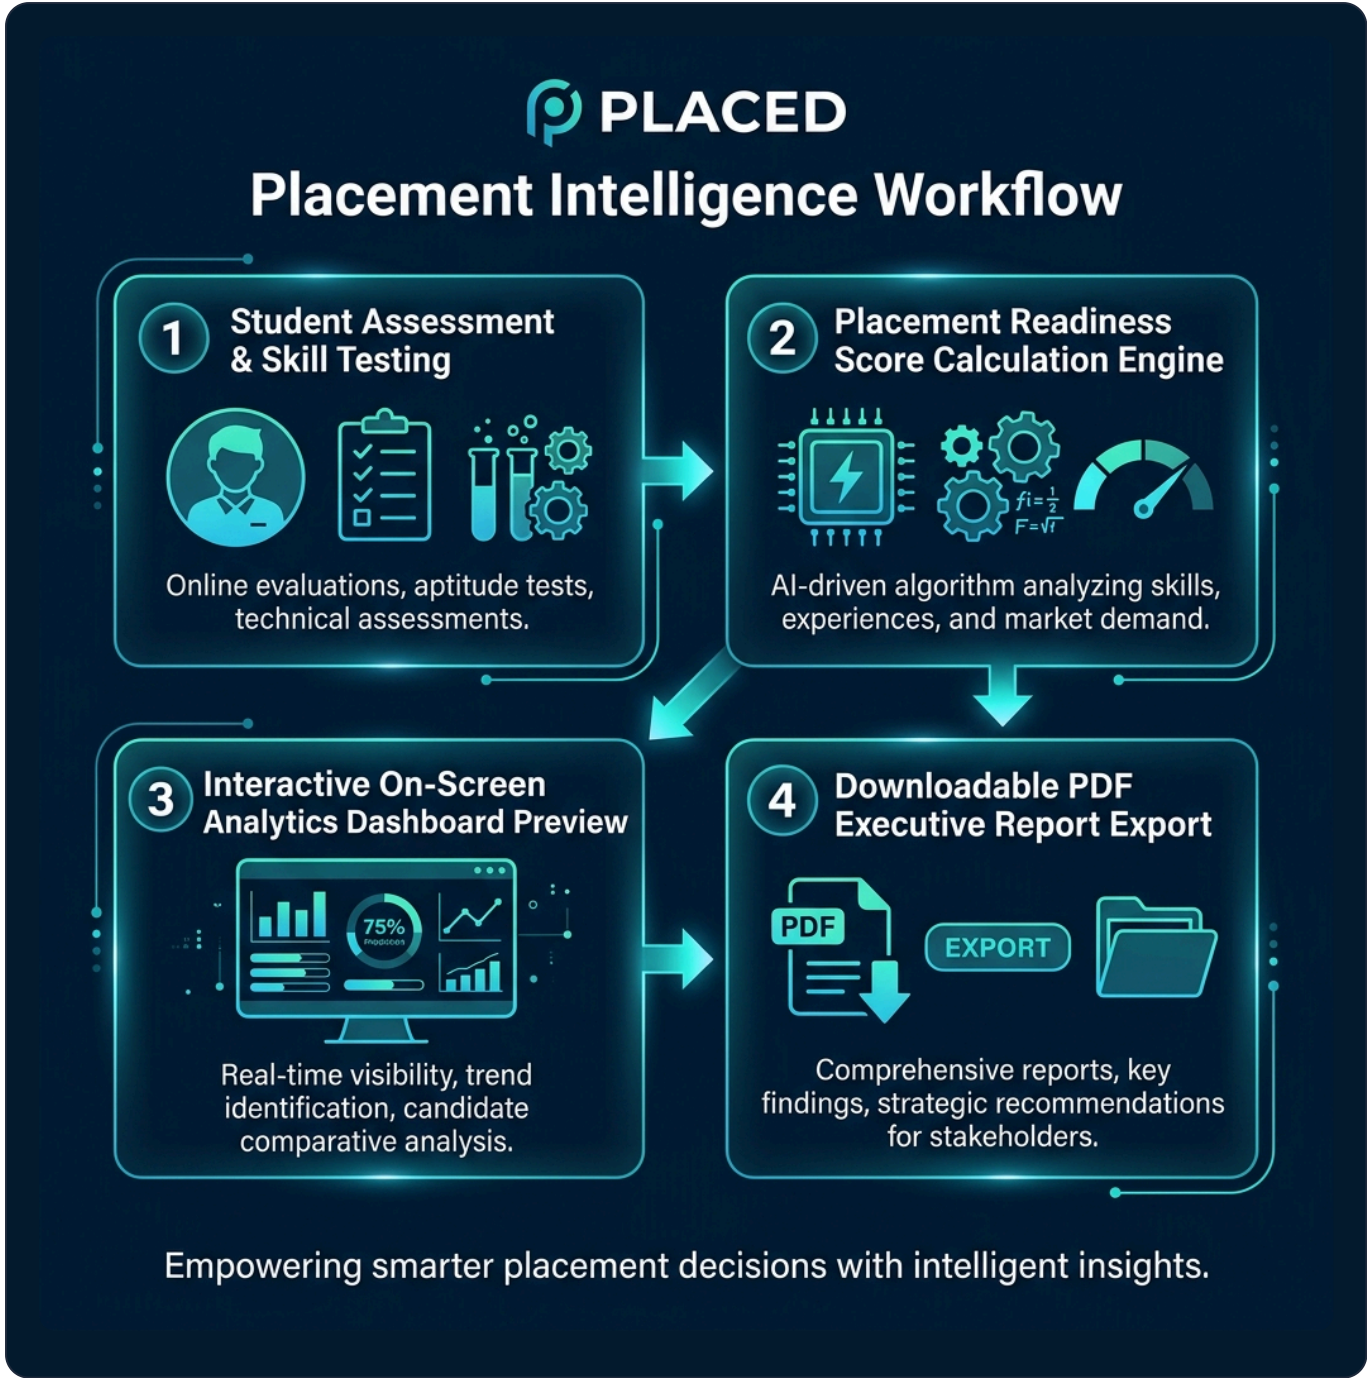

SYSTEM ARCHITECTURE & PDF DOWNLOAD WORKFLOW
SPECIFICATION

OFFICIAL
REPORT

1. Executive Summary & Product Pivot

PLACED is transitioning from a student-facing training company (B2C) into an enterprise **B2B Placement Intelligence SaaS Platform**. Rather than marketing to individual students, PLACED partners directly with colleges and universities to provide institutional placement officers (TPOs), faculty, and executive management with real-time data insights into student readiness, skill gaps, company eligibility, and recruitment analytics.

2. System Flow & Downloadable PDF Architecture

the user's dashboard screen.

official institutional seals.

4. Role-Specific Benefits & Reporting

Target User	On-Screen Display	Exported PDF Report
Student	Readiness score badge, radar chart, skill gaps	Official Readiness Transcript & 30-Day Preparation Roadmap
TPO (Placement Officer)	Eligible candidate filters, campus drive status	Printable Student Candidate Roster with recruiter suitability tags
Faculty / HOD	Class score heatmap, common weak topics	Departmental Skill Gap Breakdown & Faculty Action Points
College Management	High-level placement stats, training ROI	Formal NAAC (Criterion 5) & NIRF Accreditation Compliance Report
